Jean Massieu School News

Aimee Breinholt

Summer time has brought hot days, building construction and summer camps! The JMS building is closed for the summer months as the roof is being replaced. We have set up an office at the Highland building (3098 Highland Drive # 205, Salt Lake City) and can be reached there during the summer months. Groundbreaking for the new USDB building will take place soon. It is anticipated that construction for this building will continue throughout this next year.

Summer camps are underway. Preschool students spent time talking about dinosaurs and exploring the Museum of Ancient Life. Students enjoyed basketball instruction from Lance Allred and explored the fundamentals of ASL through stories and poems in our ASL camp. One-on-one reading tutoring through the reading clinic has started and will continue through the month of July. We are looking forward to several camps—adventure, soccer, dance, drama, and several preschool camps—in the month of July.

We are pleased to report that we have filled four teaching positions and would ask your help as we continue our search for a secondary science teacher. Those interested in applying for this position may apply by submitting a letter of interest, a current resume, and a list of 3 or more professional references to Carol DeRosier. (E-mail: carold@usdb.org)

Enjoy the summer months!

Utah Schools for the Deaf and Blind News

Michelle Tanner

Summer has begun! Although the children are out of school, USDB is still an active place. During the summer the administration spends their time gathering data about the recent school year and evaluating strengths of our programs and areas of improvement. As part of this process, data is gathered individually for students and looked at globally for trends. We value this feedback, as we continually want to improve as a school.

There are still some wonderful camps that are happening. We just finished an outdoor adventure camp and we are in the middle of our reading clinics. And, there are still more to come! We are pleased that we have had a great enrollment in our camps this summer.

We are continuing to work hard at filling open positions for the upcoming school year. If you have any friends that are quality educators, we would like to encourage them to apply. We offer fantastic benefits and our teacher salaries are in the top five of the entire state of Utah. We draw some of the best teachers in the field of deaf education and we love the passion our teachers demonstrate. If you or anyone you know is interested in teaching at USDB, we encourage them to send a letter of interest and resume to carold@usdb.org.

Finally, the new building behind the JMS campus has started! Wadman Construction was awarded the build and has already begun working on the project. We know that during construction there will be some difficulties. Please be patient with us as we deal with typical construction issues. Once this is completed, we will have another beautiful facility for our current and future students that will improve their lives.

Thank you for all your support of USD! The Utah Schools for the Deaf couldn't succeed without the attention of a wonderful Deaf Community!
